NEWS OF OUR MEN and WOMEN IN UNIFORM

Private **Stanley R. McCann**, 18, of Daly City, son of Mr. and Mrs. J. W. McCann, 713 Bellevue avenue, has arrived at Oklahoma Baptist university, Shawnee, Oklahoma, for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools of the Flying Training command for training in these specialties.

Albert A. Compani and **Frank A. Compani,** well-known Daly City brothers, both graduates of Jefferson Union high school, are now serving with the armed forces.

Albert, a seaman second class with the U. S. Navy, has been on active duty, destination unknown, since March 16, 1943. Frank, a private in the Marine Corps, has completed his basic training in "boot camp" at San Diego. After enjoying a brief furlough here with his friends and family he was assigned to the Norman, Oklahoma, Naval Aviation Training center. He hopes to become a flyer.

The young men are the sons of Mrs. Rose Zurzolo, 236 Los Banos avenue. Both were shipyard workers before entering the service of their country.

Sergeant **Joe Castro** communicated with The Record, last week, by V-mail to let the home folks know that he is still stationed on a South Pacific island. He has been assigned the duties of fighter plane crew chief.

The Daly City man took his training in aviation mechanics at the Naval Training school in Norman, Oklahoma.

Seaman Second Class **Thomas Jerrold Martin** will be in Daly City until Sunday, August 29, where he has been enjoying a visit with his parents, Mr. and Mrs. T. J. Martin, 275 Los Olivos avenue. He came home on leave after completing "boot camp" training at Farragut, Idaho. Upon his return to the Farragut Naval Training station he will be assigned to an advanced school.

Private **Frank Silvestri** is now taking special training with the infantry at Camp Howze, Texas. Silvestri attended Daly City schools and half a dozen years ago worked for The Daly City Record, in the days when it was a hand-folded product.

Private **Jack Faulk,** son of Mrs. Lewis Johnson, 858 Brunswick street, is now stationed in Alaska. He reports that the scenery is magnificent and the food good—but he'll still take Daly City! He has met several Daly City boys up north, **Richard Grantham** and the **Brewer brothers.**

Faulk took his basic training at Camp Roberts. In June he spent a furlough here. He is a graduate of Jefferson Union high school.

Private First Class **Melvin J. Kingon** writes from Africa to put in his vote for California as highly preferable to the seventeen states he encountered while in training with the Army and his present locale, which includes lions, tigers, Arabs, and Italian and Nazi prisoners.

Kingon says: "I am in an outfit that will never get any medals but I am sure we played an important part in the African cam-

Book Three Valid Beginning Sept. 12

Daly City consumers will begin to use War Ration Book Three, September 12, starting with brown stamps which will be necessary to obtain meat, butter, fats, oils and rationed dairy products, the OPA announced.

Brown stamps lettered A will become valid on September 12.

Further details of when, how, and for what Book Three will be used will be announced in next week's paper.

City Council Deals With Routine Matters at Meeting

Will Hold Another Session Tonight, Aug. 26

Monday night's meeting of the city council was brief and city officials dealt mainly with routine matters during the entire session. Mayor A. J. Gaggero, Councilmen Edmund Cavagnaro, H. H. Smith jr., and John J. Fahey sr., City Clerk B. C. Ross, City Attorney F. E. Hoffmann, City Engineer R. A. Klassen, Police Chief James G. Reardon, Fire Chief Andrew P. Chesney, Health Officer Fred Collins, and Building Inspector Arthur J. Bodien were present.

H. Vujevich, 6036 Mission street, was in attendance in regard to a letter he had sent the council asking for a ruling on the use of his business property. The requested hearing was set for tonight, August 26, 8 p. m., at the city hall.

Another matter to be discussed by the councilmen at tonight's caucus meeting will be the problem of the Market Street railway's new policy of having large numbers of customers transfer from the No. 40 to the No. 14 at the car island at the top of the hill here. In as much as the crowds often exceed the capacity of the island some means of pro-

(Continued on Page 6)

Armed Forces Put In Request For 64 Men

Next quota which Daly City Draft Board No. 103 must fill for the armed forces is for September 9, when 64 men are needed, according to Mrs. Isabelle Flynn, chief clerk.

The local board has not proceeded with the reclassification of fathers, in spite of the current controversy on the matter. They were requested to await further direction. Besides, Mrs. Flynn pointed out, there are still enough men who are not fathers to supply October calls.

The office at the city hall has completed the reclassification of 1C men. This group represents the record of those who have entered the armed forces via enlistments since selective service went into effect.

Aviation Radio Man Dies

Thomas Raymond Richardson, above, aviation radio man, second class, with the U. S. Navy, died, Friday, August 13, from electric shock encountered in aircraft ground handling operations at Lompoc, California. He was 24 and had lived in Daly City for 16 years, where he attended grammar school. He studied at Balboa high school in San Francisco and entered the Navy, June 7, 1942.

He was the son of Mr. and Mrs. Raymond Richardson, and the brother of Miss Marie Richardson, 176 Acton street. Funeral services were held, Tuesday, August 17, at a San Francisco mortuary. Interment was at Golden Gate National cemetery.

DRIVE NETS 11,000 POUNDS OF TIN

After Sunday's successful tin pickup there were 11,000 pounds more of the precious metal on its way to making trouble for the Axis powers.

This picture was taken just before the tin cans were weighed in at the south end of the city. They were then sent to the Metal and Thermit corporation in South San Francisco.

R. L. Crane, jr., standing, far left, in the front row, local Salvage-For-Victory chairman, attributes the drive's success to the efforts of the air raid wardens under the direction of Harry Melicker and John Emerson, and the cooperation of the Daly City Scavenger company. Every sector had wardens out aiding in the collection. Sunday's pickup was efficient and speedy thanks to their aid.

This will be the only summer pickup of tin cans.

Patriotic residents are advised to save subsequent contributions for the "tin collectors" of the Jefferson Elementary School district who will resume the handling of the salvage project as soon as school opens.

Playoff Series Opens Here Sunday

Marchbank park in Daly City will be the scene of the opening game in the playoff series for the championship of the Peninsula Summer Baseball league, next Sunday afternoon, when the Farallone Packers go up against the Belmont Merchants.

Manager Charles Norry's Packers led in league standings throughout most of the regular season, although a pair of losses dropped them to third place at the close. Belmont ended in a tie with San Mateo for first place, and won the extra game, 3 to 2, last Sunday.

Arrangements for playoff contests between the top four teams were made at a meeting of team managers, this week, and include a two-out-of-three series between the Farallones and Belmonts. Next of the series will be played at San Mateo, September 5, as part of a bill which also includes a Moffat Manteca-San Mateo contest. These teams finished in fourth and second places, respectively.

The local diamond, then, will have the only playoff game of the league, next Sunday, and peninsula fans will gather here to see their teams in action. Starting time is scheduled for 2:30 p. m., following an earlier contest be-

(Continued on Page 6)

Eagles Conclude Week With Social

A gay social is planned as a climax for the Eagles' week at the Daly City Servicemen's club, 6201 Mission street, Saturday night, August 28. Refreshments, dancing, and a program of entertainment are planned.

Next week, members of the Ladies Auxiliary to Company No. 1, D. C. F. D., will act as hostess organization at the club, according to the trio of committeewomen in charge of the club, Mrs. Maisie Boyle, Mrs. Anne Eason, and Mrs. Margaret Steele.

Mrs. Martha Wegner recently made a cash donation to the center.

There Are Just Too Many Dimout Violators

Dimout violations still total more than one hundred a week, Judge William J. Sweeney pointed out, this week, in announcing that penalties will be made heavier in an effort to curtail such negligence. He urged public cooperation with the dimout requested by military authorities for the protection of this area. He said that a surprising number of the violators are Daly City motorists, who cannot have the bonafide ex-

(Continued on Page 5)

Patriotic Children To See Free Show

Patriotic Daly City children will have the opportunity to help in the war effort and see a free show, Wednesday, September 1, at 1 p. m., at the Daly City theatre, according to Henry Combe, manager.

Every child bringing in an article made of brass, copper, bronze or aluminum to the theatre will be admitted free.

"This shootingest war of history needs bullets for our boys overseas, and bullets need copper for cartridge cases," said Combe in explaining the drive. He pointed out that the war activities committee of the motion picture industry is going after scrap copper in a big way to help speed up Uncle Sam's war production.

Combe has planned a big program of entertainment for the kiddies. "Nevada City" with Roy Rogers, "Sandy Gets Her Man," a Three Stooges comedy and a cartoon are to be shown.

These items of copper, bronze and brass are suggested as an indication of the type of article which may be turned in as admission price at Wednesday's gay show for the youngsters:

Ash trays, bearings, bathroom fixtures, brass bedsteads, brass buttons, candle sticks, copper coils, door keys (iron excluded), door locks, electric iron cords, electric fan blades, faucets of brass or copper, hose, nozzles, copper kettles, lamp bases, old lighting fixtures, novelty jewelry, copper pots and pans, copper roofing metal, copper or white metal statues.

Supplemental Gas Users Must Get Books Immediately

September 1 Is Deadline For Use Of Old Variety

Motorists in the San Francisco district of the Office of Price Administration who have not yet exchanged their old type "B" and "C" gasoline ration coupon books for the new mileage ration sheets of coupons were urged today by rationing officials to apply at their local war price and rationing boards immediately. Applications may be handled by mail. Headquarters for the Daly City area is War Price and Rationing Board 83-12-3 at 470 Grand avenue, South San Francisco.

Old type supplemental gasoline coupons will become invalid on September 1, and after that date gasoline dealers will not be able to accept them in exchange for gasoline, the OPA said.

"No written application form is required for the exchange. The turn in of a valid book is sufficient. However, the tire inspection record is necessary since the serial number of the new book issued should be posted to this form," explained Miss Genevieve Blue, chief clerk of the local board.

The new type "B" and "C" coupons carry only the words "mileage ration" plus a large letter "B" or "C" depending upon the class of the ration. Any motorists having the old type of supplemental book which bears the words, "permits delivery of one unit of gasoline" should make the exchange immediately at local war price and rationing boards. "B" coupons continue to be printed in green ink and "C" coupons in red.

The new coupons provide space on the front for the required endorsement, license number and state of registration of the vehicle for which the ration was issued. In the case of interchangeable fleet books, the firm name and the city in which it operates are entered on the face of the coupon.

OPA emphasized that the exchange of the old type of supplemental gasoline ration book for the new type of book will not mean a change in mileage requirements. The new books issued will not be for a higher gallonage value than is represented by the surrendered coupons. However, if a motorist's allotment will expire before September 15, a renewal form should be filled out and presented at the time of turning in the old type supplemental book.

OPA rationing officials also pointed out that outstanding 100-gallon bulk coupons will be invalidated on September 1. Holders of such coupons have been advised to apply to war price and rationing boards to have them exchanged for the proper revised books or in the case of larger users for ration bank certificates.

City Recreation Program To Close

The summer recreation program conducted by the city at General Pershing school and Lincoln park will be terminated, Saturday, August 28. Miss Maximae Morris, who took charge of the project for the community, reports that attendance at the school was 30 to 40 children per day, while at the playground the turnout was 30 to 60 each day, with as many as 100 kiddies present on the sunny days.

At the school, crafts and indoor games were featured. One of the most popular crafts was the decorating of bottles, although other projects met with marked enthusiasm too.

Ages of the children attending the classes and participating in the playground activities ranged from 3 to 16, with the majority of the group in the 3 to 9 bracket.

Exciting Drama Tells About Russia

"Mission to Moscow," Warner Brothers' picturization of former Ambassador Joseph E. Davies' best-selling book will open at the Daly City theatre, tonight.

"Mission to Moscow" is Mr. Davies' report to the American people on the vital mission entrusted to him by the President, and Warner Brothers has brought it to the screen as a slice of living history.

The film is an eyewitness account of Russia through the eyes of a typical American and his family. Mr. Davies during his two years as ambassador from the United States, went where he pleased, saw what he pleased and became friends with high Soviet officials. A list of the people he met at that time reads like a veritable "Who's Who" of the world, and all these living notables are portrayed on the screen with unprecedented attention to details of accuracy.

Firmly resolved that the picture be an interesting as well as an accurate account of the eventful period in world history just preceding the global war, Warner Brothers set about the task of recruiting the best personnel available for that important assignment. Robert Buckner, who had served as correspondent in Moscow for the London "Daily Mail" in 1934 and 1935 was selected to produce the picture. Howard Koch, who authored the screen play for "Sergeant York" was assigned to do the script, and the job of direction was given to Michael Curtiz, whose "Captains of the Clouds," "Yankee Doodle Dandy" and "Casablanca" made screen history.

Walter Huston and Ann Harding are starred in the roles of Ambassador and Mrs. Davies, and a large and talented supporting cast is headed by George Tobias, Oscar Homolka, Gene Lockhart and Helmut Dantine.

NOW AT DALY CITY THEATRE

WALTER HUSTON, ALL-AMERICAN, as Jerry Cohan in "Yankee Doodle Dandy" (left) and as former Ambassador to Russia Joseph E. Davies (right) in Warner Brothers' "Mission to Moscow," opening tonight at the Daly City theatre.

Collision Brings Injury To Seven At Burlingame

Seven persons were injured in a Sunday accident which involved a Greyhound bus and an automobile driven by James F. Platt, of Colma. The collision occurred at California drive and Peninsula drive in Burlingame. Neither the bus driver nor Platt was held responsible for the accident.

The headon collision totally wrecked the Platt automobile. Six of those treated for injuries at Mills Memorial hospital were bus passengers who were hurled to the floor by the impact.

Among those hurt was Dale Platt, 6, son of the driver of the car. He suffered a contusion over his right eye and a lacerated eyelid.

PUBLIC WHIST

The public is invited to attend the whist party to be given, tomorrow evening, August 27, by Daly City Post No. 410, American Legion, at Legion hall, 474 San Diego avenue. Playing will begin at 8:30 p. m. and a cash first prize and other awards are announced.

Tonight, August 26, the Legion holds its regular business meeting, beginning at 8, at Legion hall. This will be the first session under the new commander, John Derungs. A report on the recent Department convention held in San Francisco will be made by the delegates.

Adjutant for the new term has been appointed. He is Mark Horisky, veteran of World War II, 10 Bepler street.

Member Of Old Glory Auxiliary Appointed

Old Glory Auxiliary No. 2044, V. F. W., has received the honor of having one of its members appointed to a Department of California committee chairmanship. Mrs. Lola Connors, state president of the auxiliary, has announced the appointment of Mrs. Alene Lehigh, 553 Crocker avenue, to chairmanship of the hospitality committee for the department. Mrs. Lehigh has long been an active member of Old Glory auxiliary here in Daly City.

Servicemen

(Continued from Page 1)

paign. I saw plenty of American engines assembled by our boys and many records were set in time required to get those engines going. We saw plenty of fireworks when the German bombers came over and our artillery welcomed them."

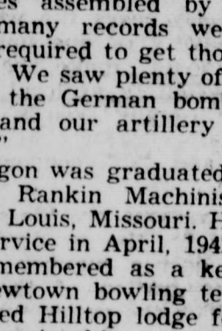
Kingon was graduated from the David Rankin Machinists school in St. Louis, Missouri. He entered the service in April, 1942. He will be remembered as a kegler with the Jewtown bowling team which defeated Hilltop lodge for the city championship.

Coincidence came in to play when **Earl Johnson,** son of Mr. and Mrs. Axel Johnson, 724 Templeton avenue, shipped out for duty, recently, with the merchant marine. He was assigned to the very ship he had helped build at the Richmond shipyards. Johnson is a graduate of Jefferson Union high school and is just 18 years of age.

Private **William J. Sweeney,** son of Judge and Mrs. W. J. Sweeney, 6805 Mission street, Daly City, has reported for duty at the Carlsbad Army Air field, Carlsbad, New Mexico. Before coming to the Carlsbad base, he had been stationed at Santa Ana Army Air base.

His wife is the former Miss Rose M. Korio, of San Francisco.

Radio Instructor



Above is a picture of Vincent Barazota, Daly City, now a radio instructor in the Army Air Forces Technical Training command at Sioux Falls, South Dakota. He is a private first class and took his basic training at Miami Beach, Florida.

CHURCH SERVICES

Reverend D. C. McKisson announces that the series of evangelistic services at **Grace Church of the Nazarene,** Vista Grande and Santa Barbara avenues, will close Sunday night, August 29. The public is invited to enjoy these programs at the local church. On Sunday morning there will be reception of new members.

ASSOCIATION SUGGESTS PLACE FOR USE STAMP

With so many stickers now required to go on windshields that driver visibility is decreased and traffic hazard increased, the California State Automobile association today suggested that motorists might conserve windshield space by posting the new Federal use tax stamp on the back of rear vision mirrors.

Experiments conducted by the association demonstrated that stamps placed on the back of rear view mirrors were plainly visible to inspection and at the same time did not interfere with the driver's vision.

The suggested display complies with the Revenue Act of 1942 which requires only that stamps "be posted on the vehicle for which it is issued, in such a manner as to be readily visible for inspection," and does not specify location for the display.

Greyhound Aids In Drive To Recruit More "Seabees"

If you are a skilled American worker, you can help win the war now by joining the Navy's building-fighting SEABEES. Thousands more of such men are needed at once.

Such is the message carried in current Greyhound advertisements appearing in more than 500 newspapers of California, Oregon, Nevada, Arizona, Utah, New Mexico and parts of Texas. This wide newspaper coverage in the West was decided upon due to the urgency of the situation and to the fact that, with the Axis reeling under repeated Allied blows, the time to strike is when the iron is hot. And the SEABEES, it was pointed out, can help deliver the "Sunday punch."

"Follow your trade in the Navy," says Greyhound. "For men who itch to get in the thick of things, the SEABEES offer action. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other Navy equipment, back up the combat line with tools and guns."

Mechanics, carpenters, electricians, shovel operators, pipefitters, steel workers, riggers, divers, draftsmen—these are only a few of the many craftsmen needed in the SEABEES. Red-blooded men from 17 to 50 1-2 are eligible. Full information may be obtained at your nearest Navy Recruiting station. In this area it is at Room 64, Federal building, San Francisco.

In devoting its advertising space to the SEABEES, Greyhound is following its practice of serving the armed forces first. In addition to many other wartime activities, Greyhound long has provided vital transportation for the SEABEES, getting them to and from mainland jobs and embarkation points. This essential war service is one of the reasons why the company now urges civilians: "Please don't travel unless absolutely necessary."

OPA SIMPLICITY

The OPA has made it clear that in the future it will give extreme care to the devising of its regulations and will make them as simple as possible.

We hope that this does not follow the style of a recent "simplifying" revision in the bakery products code. Here it is, "All commodities listed in Appendix A are those known to the trade as such excepting therefrom such thereof, if any, while subject to another regulation." What could be simpler?

As to the use of greater care in devising regulations, this will be welcome news to the food industry all the way from producers to the chain and independent retailers, whose collective heads have been spinning from the merry-go-round of orders, instructions, and directives that have whirled about them.

Up to the present, there have been 29 maximum price regulations of foods sold at retail, and 60 price regulations applying to food back of the retail level. Ten ration orders affecting food distributors have been issued. General Maximum Price Regulations have been amended more than 50 times. At least 15 supplementary orders have been issued and one of these has been amended more than 160 times!

The miracle of it all is that we're still eating.

GROWING PAINS

The recent warning that California's "cry baby" attitude is disgusting Washington officials and may result in the cancelling of war contracts is worth noting.

Our requests and protests to the nation's Capitol have been numerous and frequently vigorous. They had to be. Things have been happening here. Even prior to Pearl Harbor our population increase had "gone through the roof." When food allotments were made this was not taken into consideration. The housing need became extreme; transportation facilities neared the breaking point. These conditions had to be eased if we were to do our share in production. We were anxious to do a good job. Due to centralization of authority we had to appeal to Washington for aid. There was no other choice. It certainly would not have been right to let these conditions go from bad to worse, thereby blocking the war effort.

On sober thought, it doesn't seem likely that there will be a general cancellation of war contracts. It is more than mere chance that California leads all other states in war production. At the beginning of the war California's statewide branch banking system took the lead in helping manufacturers swing over from peace-time to war production. This branch banking system makes available to small and large communities alike tremendous resources for financing war contracts. As long as we have the financial and industrial "know how," Washington is not likely to spike the war effort in order to spank us.

We are urged to stop "complaining" to Washington. Maybe what sounded like complaints were insuppressible winces caused by "growing pains."

Block Mothers Meet In October

There will be no meeting of Daly City Block Mothers in September, leaders of the group announced, today. Next meeting of the women will be held, Wednesday, October 6, at the home of Mrs. F. Bryant, 559 San Diego avenue.

All members are urged to plan to attend the October session and to bring new recruits with them.

High School PTA Board Sets Date For Meeting

Mrs. Ida Hanley, president, will be hostess to members of the Jefferson Union High School P. T. A. executive board, September 2, at her home, 43 Woodrow street. She will serve luncheon at noon. The board will make plans for the first regular unit meeting of the fall term.

At 2 p. m. the same afternoon at Mrs. Hanley's home a public whist will be given. The group announces a cash first prize and other nice awards. They cordially invite Daly City whist enthusiasts to attend.

8:15 p. m.— Regular meeting, Tula Council No. 236, Degree of Pocahontas, 2246 Cayuga avenue.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

To whom it may concern:

This is to notify the general public that I will not be responsible after this date for any debts contracted in the name of C. Downall Sheet Metal Works, 6084 Mission street.

(Signed) C. Downall

War Housing Center Reports On Problems

"During the past month, we tried to help 769 applicants find accommodations, but were only able to place 74 of them. Most of those placed by us were applicants for rooms. We were able to find lodgings for only 24 out of 646 applications for apartments or homes—less than 4 per cent," said Louis Lengfeld, manager of the San Mateo County War Housing center, this week.

"An untrue rumor may be partly responsible for this result. Landlords have been led to believe that they would have to accept whatever tenant is sent to them by a war housing center. This is not true. No tenant will be forced on a landlord by any war housing center. Quite to the contrary. Every attempt is made to give a landlord the choice of numerous tenants in order that he may get someone to his liking," Lengfeld said.

During the past year, the war housing centers in this county placed 550,000 workers in existing housing. Increased shortages of metals make it certain that new home building must be cut down even further. This year the war housing centers will be called on to find places in existing housing for one million workers. All citizens are urged to help with this task which is essential in the effort to increase production to the maximum. The county headquarters is located at 1615 Floribunda avenue, Burlingame.

Court St. Mary Observes Birthday

At the last meeting of Court St. Mary No. 1155, Catholic Daughters of America, presided over by Grand Regent Mrs. Frances Tamony, the thirteenth birthday of the court was celebrated with a costume party. All members attending wore humorous costumes and a grand time was had by all. This night was also District Deputy Night, honoring Mrs. Loreen Murphy who has been deputy of Court St. Mary for the last two years. All the members of the court have enjoyed knowing Mrs. Murphy and a lovely gift was presented to her showing appreciation of the many favors she bestowed on the court.

After the meeting was adjourned, all members retired to the social hall where refreshments were served by Mrs. Katherine Salisbury and her committee. There was a lovely cake in the center of the table, with "Happy Birthday Court St. Mary" written on it, and when all had enjoyed the lovely refreshments, games were played under the direction of Mrs. Virginia Rengstorff.

Joins Merchant Marine

Rodney Dawe, son of Mr. and Mrs. W. H. Dawe, 64 Woodrow street, has joined the Merchant Marine. He signed on the S. S. John Bertram about three weeks ago. He attended Jefferson Union high school.

READING & WRITING

BY Edwin Seaver AND Robin McKown

THE four freedoms may not have been called that in Revolutionary War days, but Americans were fighting for them just as truly then as they are today. We were re-impressed with that truth after reading "Origins of the American Revolution" by John C. Miller, an August Book-of-the-Month Club choice.

JOHN C. MILLER

John C. Miller is a professor at Bryn Mawr college, who looks so young that his publishers hesitated to release his picture because they figured that no one would believe he could have written such a scholarly and important book. Much material hitherto unpublished in book form appears in "Origins of the American Revolution." To gather his data, Miller spent several years absorbing great collections of letters, files of all influential newspapers during these eventful years of our history, and records from Parliament.

Despite the youth of the author, this Book-of-the-Month Club selection has been appraised by competent scholars as "the best book on the American Revolution that has yet been written."

One interesting point, not commonly known, which Mr. Miller makes is that almost up to 1776 comparatively few colonists thought in terms of complete independence. The preponderant opinion as to the best way to settle the differences between the home country and the colonies was by the formation of a British Commonwealth of nations. One of the warmest advocates of this radical notion on this side of the Atlantic was Benjamin Franklin. It was contemptuously refused by the then governing group in England, though favored by many liberal Englishmen, conspicuously by the great economist Adam Smith. The British finally adopted it—150 years too late, when it became the new plan upon which the British Empire was reorganized, after World War I.

Probably the most unpopular colonists in pre-Revolutionary days were the "Stamp Masters"—men assigned by Parliament to collect taxes. One Stamp Master, a Colonel Mercer of Virginia, journeyed from London to Virginia to find himself hanging in effigy there. Mercer's resignation was demanded as soon as he arrived. He begged for time, took a look at the mob, and then announced that he would not carry out his duties as Stamp Master. "Instantly," writes Miller, "he became a hero. He was raised upon the shoulders of the people and carried around town to the music of French horns."

Women, too, played their part in originating the Revolution. They refused, for instance, to buy London finery and fashions. When Tea Taxes were imposed, they also refused to drink tea. Up to this time, most Americans were confirmed tea drinkers. One traveler reported that there was "hardly a farmer's wife or poor woman who does not drink tea in the morning." After the tax was imposed, when tea was found in the possession of one man in Bedford, Massachusetts, he was given the alternative of either surrendering his tea or being turned over to the women of the town for punishment. He chose to give up tea.

Employees Stay With Studebaker

The other day, at Studebaker's big military truck plant, at South Bend, Indiana, a reporter was making inquiries about old-timers. He approached one likely-looking prospect.

"Gosh, I'm a newcomer," said the workman. "I've been here only 33 years."

This remark, made in all seriousness, exaggerates the actual condition. However, it does illustrate an interesting phase of the company's record. Until war contracts sharply increased employment, Studebaker boasted a higher percentage of long-term employes than any other auto plant.

Loyalty has played an important part in Studebaker's peacetime accomplishments and the factory's remarkably quick conversion to armaments. The old-timers think Studebaker is a good place to work.

Talk to F. F. Kwilinski, 76, who has been on a Studebaker job for 57 years and whose father worked at Studebaker before him.

"I used to think of going somewhere else, but I figured there was not much sense in a move," says Kwilinski. "Studebaker always treated me fine."

George Yena joined the company in 1894, says he plans to remain "as long as I possibly can." Yena's deceased brother, Bill, was also a Studebaker man. Their combined service aggregated 100 years.

The same feeling of fondness for the company extends to women as well as men. Edith H. Wendel took a job in the sewing department in 1913 and has been there ever since. She says she'd be "lost" without Studebaker.

Don't Let Victory Garden Produce Go To Waste--Can It!

Don't let that Victory garden produce go to waste for lack of canning information and facilities! Daly City's community kitchen is still in operation at Jefferson Union high school, 6996 Mission street, and local women are urged to utilize it. Free use of pressure cookers, as well as the supervision of state-certified instructors furnished by the San Mateo Junior College Adult center, is available.

All that a woman need do is phone the high school, RAndolph 6612 or write, 6996 Mission street, to designate her choice of a working day, her name, address, and phone number, and the type of vegetable, fruit, or meat she intends to can on the specified day.

Many housewives have already made good use of the community kitchen provided at the high school but dozens more could easily be accommodated.

There Are Just Too Many Dimout Violators

(Continued from Page 1)

cuse of not knowing about the dimout regulations.

Appearing at court, Friday, August 20, were only a fraction of the many cases handled during the week. Among those who paid their fines during the regular Friday court session were: dimout violators—Lage L. Anderson, 543 Magels avenue, San Francisco, $5 fine; LeRoy Tipton, 1600 Fell street, San Francisco, $5 fine; Don Wilmer Steidley, San Mateo, $5 fine; Joseph M. Buttitta, Santa Clara, $5 fine; Henry Koeberer, 651 Geneva avenue, San Francisco, $5 fine; Velma Annie Evans, 6275 Mission street, $2.50 fine; Lloyd G. Lawson, 582 Eddy street, San Francisco, $2.50 fine; Claude S. Hunt, 131 College avenue, San Francisco, $5 fine, with $2.50 suspended; Miles Angus Madison, 369 Church street, San Francisco, $5 fine; John Bertoni, South San Francisco, $5 fine.

Cases other than dimout at the August 20 session were: Alf Borjeson, 175 Poplar avenue, San Bruno, who paid a $2.50 fine for going through a stop signal; Ledsey Snell, who paid $1.50 for driving through the arterial stop at School and Mission; Ernest Watson Fribing, 242 Lobos street, San Francisco, fined $7.50 for speeding at 45 miles per hour in a 25 mile zone; George Knight, 259 Flood avenue, San Francisco, paid $7.50 for going 45 in a 25 mile zone.

In instances involving Daly City Ordinance No. 209, James Conley, Third street, San Francisco, forfeited $10 bail; Mrs. Joseph Rose, Daly City, paid a $10 fine; E. M. Scanlon, Daly City, was fined $10, with $5 suspended.

Tickets Go On Sale For Policemen's Ball

Police Chief James G. Reardon and his staff have lent their support to make the annual ball of the Peninsula Police Officers' association a success. The event, always a highlight on San Mateo county's social calendar, will be held, Saturday, September 25, at Pacific City, San Mateo.

Proceeds from the affair are used to aid the Widows and Orphans fund of the organization.

The public is invited to the party and tickets may be secured from Chief Reardon or any of his staff.

Whip War Chest Group Into Shape

The organization of San Mateo County's War Chest drive, which starts on October 18 and continues for two weeks thereafter, was fast whipping into shape today as more Peninsula civic leaders offered their aid to the cause which will benefit war relief agencies.

It was announced today at County War Chest headquarters, 1211 Burlingame avenue, Burlingame, that Arthur Vincent, 1776 Manor drive, Burlingame, has accepted chairmanship of the "special gifts committee" of the organization; Horace T. Keeler, 2830 Hacienda avenue, San Mateo, will be chairman of the schools activities in the campaign, and Bruce Gibson, another civic leader from San Mateo, will head the Field Organization committee.

Miss Pansy Jewett Abbott, county superintendent of schools and a resident of San Mateo; Mrs. A. S. Kalenborn of San Carlos; George W. Holston of South San Francisco have been elected to serve on the War Chest Drive Executive committee.

Gibson's Field Organization committee is augmented by the following names: Mrs. H. W. Horn, Mrs. Paul Scovell, Dr. E. K. Sisson, all of San Mateo; Edward A. Barrer, county Boy Scout executive, Ronald M. MacPherson and Mrs. Harvey Murch of Burlingame.

The War Chest Publicity committee is headed by Peninsula newspaper people. They are Mrs. Ann Brubaker, George McQueen, Mrs. A. H. Boynton, Mrs. Aileen Bramble, Logan Franklin, William Pedigo, Lester E. Lafferty, and Francis A. Raymond, chairman.

E. H. Cosgriff, chairman of the county War Chest, puts stress on the fact that the entire Bay region will conduct similar drives beginning October 18. San Mateo county citizens, however, he said, should realize that the San Mateo County War Chest drive is this community's responsibility in administering to worthy relief agencies with financial contributions.

FACTS ABOUT TIN

Tin is necessary for planes, ships, and guns. Save tin cans.

Senior Air Raid Wardens Will Meet, September 3

Next meeting of the Senior Air Raid Wardens will be held, Friday, September 3, at the city hall, 75 Wellington avenue, beginning at 8 p. m., according to Harry Melicker, chief air raid warden.

At the August 20 session of the group the major portion of the business period went to the planning of the August 22 Tin Pickup and the wardens' part in the project. Every sector was represented, under the direction of Chief Air Raid Warden Melicker and Assistant Chief Air Raid Warden John Emerson, in Sunday's collection.

At the meeting, Friday night, it was announced that Henry Bullo has been appointed senior warden for Daly City Sector No. 7.

Melicker asked that each sector plan to make reports of its individual meetings to the senior group.

New classes for the wardens in war protective work will be arranged as soon as more up-to-date material is assembled.

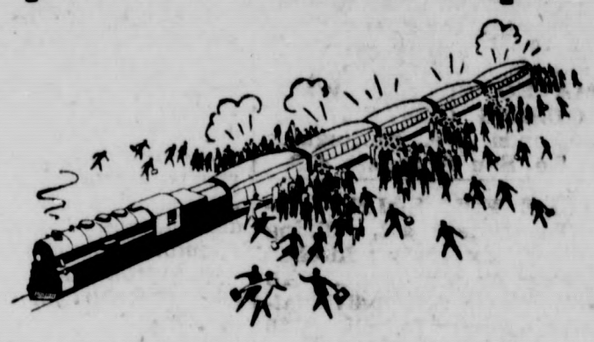
Grass Fires Call Out Department

Grass fires continued to plague the community, in the past ten days. None of them were serious but all made demands on the time and equipment of the fire department.

On Wednesday, August 18, Companies No. 1, 2 and 6 extinguished a blaze in the lot adjoining the Mission Auto court property. Companies No. 1, 2 and 4 put out a grass fire on the vacant lots along Hillside boulevard near Gambetta street, August 19, at 1:33 p. m., and Tuesday, August 24, the men of Company No. 1 and 6 brought a grass fire on East Cavour under immediate control. The alarm was given at 2:55 p. m.

Only other fire was one on the roof of 1155 Brunswick street, Wednesday, August 18, at 11:18 a. m. Companies No. 1 and 4 responded and no serious damage was reported.

Something to think about before you plan a train trip



The railroad is a war industry. All train space is needed now to carry people doing war jobs and men in the armed forces. Such travelers should not be delayed. Every time you don't make an *unnecessary* train trip you aid the war drive by just that much.

LOOKING FOR A GOOD USED CAR?

Put your money in a tire-saving, gas-saving

USED STUDEBAKER

TIRE economy and gas economy are the things to look for in a used car these war days. You're sure to get them in a used Studebaker.

That's because used Studebakers, like new Studebakers, have no burdensome excess bulk.

This means you don't overload your tires and overtax your gas tank. And the high quality of Studebaker materials and craftsmanship helps keep mechanical upkeep costs down.

But remember, please, that used Studebakers are getting scarcer. Come in and make your selection now. Our stocks include good used cars of other popular makes.

Keep your car up to par with Studebaker service

Drive in frequently and have your car inspected, no matter what make it is. If adjustments or repairs seem necessary, you'll be given a check list of what needs to be done. Efficient mechanics will do the work quickly and at moderate cost. Don't wait till trouble starts. Let Studebaker experts check your car regularly and "keep it rolling" for Victory.

City Council Holds Meeting

(Continued from Page 1)

tecting these people from oncoming traffic must be found, the council feels. They have asked the railway company to have a representative at tonight's meeting, when they hope to thrash out the situation.

A petition from 13 people residing in the vicinity of Hillcrest drive and Santa Cruz avenue was presented. It was in protest to the manner in which a family in the neighborhood keeps rabbits and chickens. Since no violations of the health rules were reported by Inspector Collins, the council advised the property owners to take the matter of the nuisance directly to the judge.

Councilman Cavagnaro reported that 847 residents had taken advantage, this season, of the Victory Garden water rates.

It was decided to postpone repairs at the Marchbank park field house until it could be determined if the plumbing breaks were attributable to the building's settling.

Chief Chesney was instructed to get a price on what it will cost to have one of the older engines dismantled and the new C. D. equipment mounted on it. He will make his report at tonight's meeting.

The council authorized the expenditure of the amount necessary to frame the fire department's running chart for use in the control center.

Local Police Aid Contra Costa Sheriff

Daly City police were asked for assistance in taking a woman, wanted for assault with a deadly weapon, into custody, Friday, August 20. The sheriff's office at Martinez notified the local department that Georgia Yockey, reported to be staying at a Daly City auto court, was wanted for pulling a gun on a man at the Richmond shipyards, where she was employed.

Police Chief James G. Reardon immediately tried to contact the woman but no one was able to locate her until 6 p. m. that evening when Officer Roland Petrocchi picked her up and jailed her, booking her enroute to the Martinez Police department. On Saturday morning at 9:30 a. m. she was released to Deputy Sheriff A. D. Joslin and Matron Edna Delanater of the Contra Costa County Sheriff's office.

Don't Forget To File That Income Tax Return

Deputy collectors of the Internal Revenue will be stationed from September 1, to September 15 in banks and newspaper offices in the San Francisco area to assist and advise taxpayers in filing estimated income tax returns, according to an announcement made, today, by Collector of Internal Revenue Harold A. Berliner.

Declarations to be used in filing the September 15 estimate of income tax for 1943 should reach taxpayers on or about September 1. All deputies assigned to banks and newspaper offices will have a supply of forms needed to file the estimated income tax return, the collector stated.

In Daly City, the deputy will be on hand earlier than at most locations downtown. Fritz Erickson, manager of the Daly City branch, Bank of America, announces that the representative of the Internal Revenue department is to be at the local bank, tomorrow and Saturday, August 27 and 28. Those who wish to prepare their returns here in Daly City should plan to consult the deputy on those dates.

Playoff Series Opens Here Sunday

(Continued from Page 1)

tween the Packer Juniors and La Rocca Sea Foods, which starts at 11 a. m.

Last Sunday, at Marchbank park, the Juniors lost to the Royal Tallows, 6 to 7, in the morning game. This was the second meeting of the two squads, and the second time the little Packers had lost by a one-run margin. Battery for the Packers was Quinones and Clark; for the Tallows, Borrego and Rasore.

The senior Packers defeated Tiburon's Floating Drydock squad, 5 to 4, in an afternoon exhibition. Battery for the Farallones was Barsotti and Fenech; for the Drydocks, Mendenhall and Schapparo.

Plan To Greet Russian Delegation

Plans for San Francisco's reception to the good will delegation appointed by the Russian government and due to be greeted at a mammoth mass meeting Tuesday evening, August 31, in the Civic auditorium, have reached the "all out welcome" stage.

Virtually every strata of the Bay area populace is represented in the long list of sponsors to the occasion.

With Yehudi Menuhin, San Francisco's own world renowned violinist, participating in the program, sponsors represent cultural, church, labor, civic, fraternal and business groups.

MENUHIN

With less than 47 Jewish organizations, five American-Russian societies, the United Nations council and various other organizations are represented on the arrangements committee.

The Russian delegation which has been received by the State department and which, on its arrival in New York, was greeted by 47,000 people at the Polo grounds, comprises Professor Solomon Michaels, foremost artist of the Soviet Union, founder, director and star of the Moscow Jewish Art theatre, renowned authority on Shakespeare, member of the city council of Moscow and wearer of the Order of Lenin, highest award of the Soviet Union; and Lieutenant Colonel Itzik Faffer, Russia's heroic soldier-poet whose poems are known to every Russian soldier.

DALY CITY WAR COUNCIL TO MEET SEPTEMBER 2

Arthur J. Bodien, director, reminded Daly City War Council members of the next meeting of the group to be held, Thursday, September 2, 8 p. m. at the city hall, 75 Wellington avenue. He urged a good turnout as a control center drill, first in many weeks, will be conducted.

Bodien revealed that Daly City's fire-fighting equipment has been augmented by the arrival of two trailer pumps of 500 gallons capacity, one skid pump to be mounted on an old auxiliary fire engine, four 14-foot ladders, and one front mount pump of 500 gallon capacity. In addition, now in transit are 800 feet of 1 1-2 inch hose, gas masks, axes, helmets, firemen's coats and boots. All of this paraphernalia is being secured through the national Office of Civilian Defense.

Bodien pointed out that when the new gas masks arrive those volunteers who have the older variety must turn them in to receive the new ones. Blackout driving lights for essential volunteers are now available.

Bodien reports that the personnel records are coming in much too slowly. The work of compiling the necessary master list must be delayed until the hundreds of volunteers follow through with the request that each of them complete the registration form and file it with the local headquarters. He urged cooperation in getting this project completed speedily.

The Daly City War Council is composed of Mayor A. J. Gaggero, Director Bodien, Councilmen Eugene V. Lynch, Edmund Cavagnaro, H. H. Smith jr., and John J. Fahey sr., Police Chief James G. Reardon, Fire Chief Andrew P. Chesney, Health Officer Fred Collins, R. L. Crane jr., Howard McHugh, Al Sundstrom, Tom Tallon, P. J. Becker, Joe Sarto, Harry Melicker, and John Emerson.

Tin is used for electrical, telephone, and radio equipment.

Joseph Borelli Receives Promotion

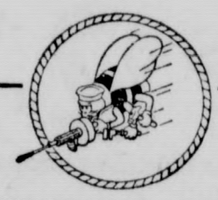
Mrs. Jennie Borelli, owner of the Cut 'N Kurl Beauty salon, has just received word from New Guinea that her husband, **Joseph Borelli**, U. S. Army, has received a promotion to private first class. Borelli, a marine electrician before he entered the services, has been on overseas duty for 4 months.

Adolph, Benito and Hirohito —the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

The Story of Island "X"

Island "X" is an important Pacific outpost—for Japs or Americans. The Navy and Marines move in. With them go the Seabees. Into the tropical jungle. Bulldozers flatten the hillocks. Skilled hands lay a man-made, steel mesh runway. Within ten days American fighters and bombers are taking off to smack the Japs. Another potential danger spot has become a military asset. That's the kind of job the Seabees are doing. That's the kind of job they want YOU to help them do.

Build and Fight with the SEABEES



The Navy Seabees need

MECHANICS

RIGGERS
DIVERS
DRAFTSMEN
SURVEYORS
and other construction men

U.S. ARMY CORPS of ENGINEERS offers similar opportunities for construction men. For details ask at any Army Recruiting Station.

Follow your trade in the Navy. For men who itch to get in the thick of things, the Seabees offer ACTION. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other Navy equipment, back up the combat line with tools and guns.

Seabees are specialists, and get full credit for their knowledge. In addition to their base pay, ranging from $50 to $126 a month, they get all living and clothing expenses, plus family allowance, plus 20% of base pay for overseas service.

Here's adventure, action, satisfying war service for red-blooded Americans between 17 and 50 with an unusual appeal to mature men over 38 with a trade.

Ask for details of the new voluntary induction plan of enlistment for men between 18 and 38.

APPLY in person—or write to your Navy Reeruiting Station: Room 64, Federal Building, San Francisco.

GREYHOUND provides vital transportation for the Seabees—gets them to and from mainland jobs and embarkation points, carries them on leave, and serves their training centers. For example, when Camp Parks, new Seabee center near Livermore, California, was opened, Greyhound immediately was called upon to provide the service it needed. This is only one of hundreds of military camps served exclusively or partially by Greyhound. This naturally diverts many buses from civilian service, and makes your patriotic cooperation more vital. So again we say: Please don't travel unless it is absolutely necessary.

Dessert diary—summer 1943

When hot-weather appetites make light dinners appropriate, reinforce the menu with a hearty dessert—one that will tempt the family into getting its full share of nourishing food. Good desserts can carry plenty of food values, you know, including vitamins, minerals, and energy-producing essentials. Our Diary of Desserts offers grand finales to lightweight menus.

OLD-FASHIONED PEACH COBBLER—Prepare biscuit dough as usual. Roll it out to a thickness of ¼ inch. Cut strip to fit around the sides of a pan about 2 inches deep. Arrange fresh, sliced peaches, sugared to taste, in pan. Dot with butter. Add ¼ cup water to create a steam. Cover peaches with remaining dough; press edges together to seal; cut large slits in top to allow steam to escape. Bake in hot oven (450° F.) for 15 minutes, then turn down heat and bake in moderate oven (350° F.) for 15 minutes longer.

FRUITED FLOATING ISLAND—Place fresh berries or sliced fruits in tall sherbet dishes, cover with icy cold, soft, boiled custard, and top with meringue made by beating egg whites until stiff, then adding powdered sugar and blending. Put a fleck of jelly or jam on top of the meringue and chill.

FRUIT BETTY—Combine 1½ cups moist breadcrumbs with ¾ cup sugar and 1½ tsps. cinnamon. Place alternate layers of fresh fruit and breadcrumbs in casserole, beginning with fruit and ending with breadcrumbs. Dot with butter or other shortening, add ⅓ cup of fruit juice or water, cover casserole and bake in moderate oven (375° F.) for 45 minutes. Serve with light cream or thin custard sauce.

FRUIT DUMPLINGS — Make biscuit dough using just enough milk or water to make it very stiff. Stir in 1 cup chopped fruit or whole berries. Drop dough from tablespoon into gently boiling water, cover and cook 12 minutes without peeking. Drain and serve with cream or fruit sauce.

GRAPE CREAM—Beat together 3 egg yolks and ⅓ cup of sugar. Add 1 cup milk and cook over hot water in top of double boiler for 5 minutes stirring constantly. Remove from heat. Soften 1 tbsp. gelatin in cold water and add to cooked mixture. Cool slightly. Add 1 cup seeded table grapes and fold in 3 stiffly beaten egg whites. Pour into mold and chill until firm. Berries or other fresh fruit may be used in place of grapes.

OR DO SANDWICHES WORRY YOU?
If your dessert problems are straightened out, but sandwich fillings are a bore, then read Julia Lee Wright's article in this week's Family Circle. It's packed with ideas.

Safeway
Homemakers' Bureau
JULIA LEE WRIGHT, Director

Prices in this ad are effective Tuesday through Saturday, August 24 to 28, inclusive, in San Francisco, Oakland, Alameda, Berkeley, Richmond, Hayward and other cities and towns in San Mateo, Alameda and Contra Costa Counties unless changes are required as a result of new regulations from the Office of Price Administration.

Are you getting the most of the best from your produce money?

If you are not, do this—Buy your produce by weight at Safeway. You'll find that you get every ounce of value for your money—all produce sold at Safeway is guaranteed to be farm-fresh.

Native Daughters Fete Mrs. Donofrio

El Carmelo Parlor No. 181, N. D. G. W., held a reception, recently, in honor of their highly esteemed member Mrs. Frank Donofrio, who has been elected grand sentinel.

Approximately 175 guests attended this delightful affair, among whom was the grand president of the order, Mrs. Mary Noerenberg of Los Angeles, and other grand officers and city officials.

Miss Margaret Steele, chairman of the committee, introduced the guest of honor, who gave an interesting address. Mrs. Noerenberg spoke briefly on "Friendship in Service."

The following program was presented: vocal solo, "Ave Maria," Miss Dorothy Throndson, and accompanist, Miss Essie Jones; violin solos, Miss Beatrice Ferraris, accompanist, Miss Cynthia Ferraris; solo, "Stay As Sweet As You Are," dedicated to Mrs. Donofrio by the parlor, sung by Mrs. Loretta Johnston, accompanist, Mrs. Hattie Kelly; harmony numbers, "Sweet and Low" and "Shout I Am an American," sung by Miss Barbara Vernengo, Miss Judy Steele, Miss Betty Czerminski, Miss Doris Vernengo, Miss Dorothy Throndson, and Miss Beatrice Ferraris, with Miss Essie Jones as accompanist.

Greetings sent by hosts of friends and many gifts including a cosmetic case from the parlor and an orchid corsage from the committee, gave evidence of the kindly thoughts for the guest of honor.

Dainty refreshments were served, bringing to a conclusion the pleasant evening.

ENLIST MARINES

The United States Marine Corps has honored the Native Daughters of the Golden West by requesting that the group make a state-wide effort to bring them a platoon of young women, native-born, to enlist as Marines. These feminine Marines will receive the identical remuneration, benefits, facilities and even the coveted name of Marines.

"The U. S. Marine Corps requires its full manpower to perform its task throughout the world. All able Marines must be relieved for combat duty. The promptness with which the women of America comply will not only shorten the war and reduce the casualties immeasurably, but the probabilities of drafting married men will be materially lessened, families will remain intact, and juvenile delinquency be reduced," proponents of the plan said.

Mrs. Dorothy Donofrio, Mrs. Anne Biggio, and Mrs. Alice Oldham of El Carmelo Parlor No. 181, Daly City, have been appointed to take charge of the San Mateo County district during this drive to recruit women for the U. S. Marine Corps. The enlistee need not necessarily be a member of the Native Daughters but in this platoon of the U. S. Marine Corps Women's Reserve it is the desire that all be born in California.

The qualifications are: U. S. citizen, between 20 and 36 years of age; minimum of two years of high school; sound physical condition; at least 5 feet tall and 95 lbs. in weight; if married, no children under 18 years of age; of good character. Those accepted will receive full pay of the Marine Corps.

The Native Daughters of the Golden West will culminate this drive on September 26 with a military parade and ceremonies to be held in San Francisco at which time the platoon will be sworn into the U. S. Marine Corps Women's Reserve.

The grand president of the N. D. G. W. is inaugurating this special observance in honor of Founders Day, the birthday of N. D. G. W.—founded in the homes of California, September 25, 1886—their 57th anniversary.

The San Mateo County committee is making plans to open headquarters shortly in Daly City. Notice will be made through this paper.

"Come, California women, let's answer our country's call," the Native Daughters urged.

Lemon Whipped Cream Tops Parfait

By BETTY BARCLAY

BLESSED with the sparkle and glamour of pre-war days, this Orange Rice Parfait is a joy to serve for there's color galore in the layered arrangement and its tempting taste produces all the "ohs" and "ahs" a hostess could desire. Along with all these pre-requisites the dessert is easily prepared too and is from foods which are readily obtainable.

Golden California oranges form a "just right" base for the parfait for they're practically seedless and are easily sectioned. The naturally sweet juice of this fruit helps to make a tempting sauce which pleasantly adds to the flavor appeal of the entire service.

And to top it all off, you'll be surprised at the perky texture of the Lemon Whipped Cream garnish. It's sure to please both the family and friends. To whip light cream with lemon juice, beat one cup chilled light cream with two tablespoons powdered sugar until frothy. Add one teaspoon lemon juice and beat until stiff. It is best to have the bowl and beater thoroughly chilled for this process. Note: Cream from the top of a bottle of rich fresh milk, which has stood for 48 hours, may also be used in this same manner.

Now for the rice filling. To prepare it you need:

Orange Rice Parfait

½ cup uncooked rice
1 pint boiling water
½ teaspoon salt
½ pint cream, whipped
1 cup orange juice
½ cup sugar
1 tablespoon grated orange peel

Wash rice thoroughly in cold water. Cook in boiling salted water until tender. Do not overcook. Pour into a strainer and wash several times in cold water. Spread out on a cloth to keep rice grains separated. Sprinkle 1 teaspoon of the grated peel over the rice. When cold fold the rice into the whipped cream and serve with sauce made by combining the orange juice, sugar and peel, which has been stirred until sugar is dissolved. For parfait arrangement, in bottom of glass place three orange sections and about 1 inch of orange sauce. Add a layer of rice pudding and top with three more orange sections and Lemon Whipped Cream. Serve chilled thoroughly.

CROCKER PTA

Crocker P. T. A. will hold an executive board meeting, Tuesday, August 31, at the home of Mrs. Olga Bordson, 614 Templeton avenue, beginning at 11:30 a. m. The occasion will also be the session of the sewing club.

Members are reminded to bring sandwiches.

The board will make plans for the first regular unit meeting of the fall term.

One-sixth of the nation's tin cans are salvaged in the West, Southwest, and Mountain states where many of the cans are used for the precipitation of copper from mine waters.

Pershing Board Will Meet Sept. 1

General Pershing P. T. A. will hold an executive board meeting, Wednesday, September 1, 1:30 p. m., at Pershing school. All officers and committee chairmen are urged to be present as plans for the first regular unit meeting of the fall term will be made.

Mrs. Sophie Evans, president, will conduct the board meeting. Tuesday, September 7, is the date for the first fall term session. It will be held at the school, starting at 1:30 p. m.

Observes Sixth Birthday At Party

Diana Darlene Osborne was feted with a party in observance of her sixth birthday, August 10, at the home of her grandmother, Mrs. Clifford Britton, 598 Evergreen avenue.

Playmates who enjoyed the festive occasion were Emily Guido, David Guido, Carol Myers, Catherine Myers, Arleen Pool, Robert Pool, George Osborne III, Virginia Nelsen, Raggner Norgern, Florence Norgern.

Diana's mother, Mrs. M. B. Osborne, was co-hostess at the party.

Women's Civic Club Will Meet This Evening

Members of the Women's Civic club will hold a meeting, tonight, August 26, at the home of Mrs. Margaret Fields, 68 Risel avenue. Mrs. Maisie Boyle, president, will call the meeting to order at 8 p. m.

In addition to taking up a number of matters of business, the ladies will bring their usual quota of gifts for the servicemen's package.

ABOUT TIN

The bulk of tin cans salvaged is used for tin reclamation and steel production—1 per cent tin and 99 per cent steel scrap.

LAKE TENDER...

Where Power Starts on High

I AM A LAKE TENDER... guarding water that in a matter of minutes shoots down penstock pipes, to spin the turbines that make the kilowatts that march down power lines to work in war production on the farm, in city and in factory.

My job location is high in the Sierra mountains.

Usually the work is just patrolling the shores of a lake and watching the water level at the gauge tower.

Today I keep a sharp vigilance for forest fires, do airplane spotting and make doubly sure that logs and twigs and brush do not move down the lake to the forebay surge chamber and cause a powerhouse turbine to shut down. That must not happen in wartime when electric power generating plants must operate full time.

I know what a shut-down would mean because I can see electricity in use in the valley below. There are lights in farm dwellings, little clusters of lights in the valley towns, bigger clusters of lights in more distant cities.

I know, too, that electric power from the plant below my lake goes down to food packing plants, to shipyards, to factories and to army and navy bases, vital to our victory.

Then I remember the day when some of the young men from the power plant below came up to my forebay to shoot ducks. These young men are shooting down Zeros and Messerschmidts today. I remember, too, when I showed young men where the big fish were in the pools of the mountain streams near here. I know these men are out to get bigger and more dangerous fish today.

These things make me wish I were younger. I would be one of the young men fighting. But I realize I can't. I am going to stick here and try to be the best lake tender in the world. That is how I can best help win the war.

"Date Conscious"? You'd Better Be - -

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

June 16—stamp 18 in War Ration Book One became valid for purchase of one pair of shoes.

August 1—blue stamps R, S, and T became valid. Good for purchase of processed foods through September 20.

August 1—red stamps U became valid; good through August 31.

August 8—red stamps V became valid, good through August 31.

August 15—red stamps W became valid; good through August 31.

August 16—stamp 14 in War Book One, good for 5 pounds of sugar, became valid; good through October.

August 22—red stamps X became valid; good for purchase of meats, etc., through October 2.

August 29—red stamps Y become valid, good through October 2.

August 31—red stamps T, U, V, and W expire.

August 31—deadline for inspection of tires, C book holders.

September 1—blue stamps U, V, and W become valid and remain valid through October 20.

September 5—red stamps Z become valid, good through October 2.

September 20—blue stamps R, S, and T expire.

September 21—last day to use "A" book coupons No. 7 for 4 gallons of gasoline.

September 30—tire inspection deadline for A book holders.

October 2—red stamps X, Y and Z expire.

October 20—blue stamps U, V, and W for processed foods valid through this date.

October 31—last date to use stamps Nos. 15 and 16 in Book One, each good for 5 pounds of canning sugar.

October 31—shoe stamp 18 (in War Ration Book One) expires.

October 31—tire inspection deadline for B book holders.

Coffee has left the ration list altogether, so civilians may now face the rest of the ration news each morning with at least two cups of coffee between themselves and the hard world of reality.

State Apportions Vehicle License Fees

A huge melon, representing $9,425,726 in motor vehicle registration and license fees, was split, yesterday, by the Department of Motor Vehicles between the Division of Highways, the State General Fund and the cities and counties of the state.

The bulk of the money—$8,121,379—was motor registration collections for the first six months of 1943 and was divided in equal amounts between the Division of Highways and the counties for road building purposes.

The motor vehicle license fees apportioned amounted to $1,304,347 and represented collections for the quarter ending June 30. Of this amount, 20 per cent, or $260,869, went to the General Fund for retirement of old highway bonds. The remainder was split in equal portions of $521,739 between the counties and cities on the basis of the 1940 population census.

Director Gordon H. Garland announced registration fees were apportioned to the counties on the basis of fee paid motor vehicle registrations for the period, totaling 2,785,075 for the entire state.

The apportionment of registration fees to San Mateo county amounted to $70,327.50 on the basis of 48,235 fee paid vehicles registered in all classes.

San Mateo county's share of motor vehicle license fees was $8,443.28, while Daly City received $998.12 and Colma, $36.71.

Due to decreases in registration the registration fees dropped $203,537, Garland announced, over the same period of 1942.

Vehicle license fees formerly were collected by the cities and counties in the form of personal property taxes.

Miss Patricia Helgeson Bride Of Richard Schultz

Miss Patricia Helgeson, granddaughter of James Ferguson, principal of Jefferson Union high school, became the bride of Richard Schultz in Reno, Nevada, July 18. They honeymooned at Lake Tahoe and now make their home with the groom's parents, Mr. and Mrs. Chester Schultz, 378 Woodrow street.

The former Miss Helgeson is the daughter of Mrs. Eleanor Helgeson. Both bride and groom are graduates of Jefferson high. Schultz is employed at the shipyards.

ABOUT TOWN

A marriage license was issued, last week, in San Francisco to George Smith, 23, U. S. Army, and **Miss Ethel Hill,** 20, Daly City. Miss Hill is the daughter of Mr. and Mrs. Lesley Hill, 127 Templeton avenue.

Diane Gayle is the name chosen for the daughter of Mr. and Mrs. Louis F. Galliani, San Francisco. The baby was born, August 2. Mrs. Galliani is the former **Miss Jeanne Faulk** who was graduated from Jefferson Union high school in 1939.

Three Daly City couples are being congratulated upon the arrival of babies. They are: **Mr. and Mrs. Louis Brugioni,** whose daughter was born, August 14; **Mr. and Mrs. Wayne P. Sniffin,** a son, August 10; **Mr. and Mrs. Cecil Taylor jr.,** a daughter, August 7.

Mr. and Mrs. Oscar J. Busch, 499 Woodrow street, have a son, born, August 12, at Mary's Help hospital. Mrs. Busch and the baby are now at their Daly City residence, while Busch, music instructor at Jefferson Union high school, has returned to his summer work with the Forest Service for which he supervises a blister rust control camp.

Lyla Crane, daughter of Mr. and Mrs. R. L. Crane jr., 140 Woodrow street, returned home, Tuesday, from St. Francis hospital, where she underwent an appendectomy. She is recovering nicely.

Miss Lee Bingman, 137 Hillcrest drive, has returned to her duties at the Administration building, 344 Santa Barbara avenue where she is secretary to R. L. Crane jr., district superintendent of elementary schools. She spent two pleasant weeks vacationing.

Royal Neighbors Sewing Club Meets

The sewing club of Vista Grande Camp No. 6035, Royal Neighbors of America, met, Tuesday evening, August 17, at the home of Mrs. Cora Ray, 183 Flournoy street, where a pleasant evening of Dutch whist, topped off by delicious refreshments, was enjoyed.

Those present, in addition to the hostess, included: Mrs. Agnes Wood, Mrs. Estelle Peterson, Mrs. Anna Smith, Mrs. Gertrude Gehringer, Mrs. Clarise Scott, Mrs. Grace Coolish, Mrs. Emilie Twesten, Mrs. Mattie Putman, Mrs. Lillian Gray, Mrs. Doris Burdick, Mrs. Anna Romer, and Mrs. Marie Rucker.

The Tuesday evening, August 24, meeting was held at the home of Mrs. Gray, 81 Whittier street.

Members of the group are wishing a speedy recovery for Mrs. Lucy Nelson, 339 Willits street, who has been very ill.

About 90 per cent of America's normal tin supply was cut off when Japan took over Malaya, Dutch East Indies, Singapore, and other South Pacific areas.

SCIENCE FORUM

BY

L. A. HAWKINS

EXECUTIVE ENGINEER
GENERAL ELECTRIC RESEARCH LABORATORY

Q. Why does blood taste salty? Is there really salt in it? Will the blood become more salty if a large quantity of salt is eaten?

A. **Blood tastes salty because there is salt in it; sodium chloride, to be exact, the same chemical we use as ordinary table salt. There are many salts which dissolve proteins, but most of them have bad effects on the body. For example, potassium chloride stops the heart and ammonium chloride causes convulsions. So, the body admits only sodium chloride to the blood, and it controls the percentage of this salt in the blood with great accuracy. Eating more salt will not change this percentage.**

Q. How wide are the radio range beams which airline pilots use in keeping on their course?

A. **Like light beams, their widths vary with the distance from their source. The effective width of a radio range beam of the type used by commercial airlines, is about two degrees of arc.**

Q. Is liquid air really air?

A. **Yes, but it must be remembered that air is a mixture of gases consisting of about 4/5 nitrogen, 1/5 oxygen, and very small quantities of a number of other gases. Liquid air is composed of liquid oxygen and liquid nitrogen: these elements liquefy at slightly different temperatures, and so the liquid oxygen may be easily separated from the liquid nitrogen. This is usually done in its manufacture, and what we normally speak of as liquid air is likely to be liquid nitrogen. Its characteristics, however, are practically the same as those of liquid air.**

Q. Does the attraction of the moon which causes tides also act on objects such as skyscrapers and mountains, bending them slightly?

A. **Yes, the attraction of the moon acts on every particle of mass in or on the earth. The so-called solid earth is elastic and is deformed by the tidal forces. Its surface rises, falls, and tilts, just as if it were made of water, but to only 30 per cent as great an amount. The actual rise and fall of the earth's surface amounts to about nine inches at the time of Spring tides.**

Q. Is a fur coat warmer on the inside or with the fur on the outside?

A. **The coat would be warmer with the fur on the inside. Much of the insulating value of the fur is due to the fact it forms a number of dead air spaces between the individual hairs. If the fur is on the outside, and a wind is blowing against it, it will remove much of this dead air space. But if the fur is on the inside, the leather will prevent the wind from getting to the hair, and so the dead air spaces can exist.**

P. G. and E. Makes Personnel Changes

Two important changes in the executive personnel of Pacific Gas and Electric company were announced last week by President James B. Black, following a meeting of the board of directors.

Paul M. Downing, who has been with the company for 42 years, the last 14 years as vice-president and general manager, becomes executive vice-president. In addition to handling specific assignments, he will assist President Black in general supervision of the company's affairs.

A. Emory Wishon, for 13 years vice-president and assistant general manager, takes over the general manager's post. Wishon has a record of 34 years with the P. G. and E. and its subsidiaries. Beginning with the Coalinga Water company, which he organized in 1909, he became vice-president and general manager of the San Joaquin Light and Power corporation and the Great Western Power Company of California, joining the P. G. and E. when it acquired control of these two companies in 1930. For several years he served as president of the San Joaquin Light and Power corporation.

In his new position, Wishon will direct the operation of P. G. and E. properties and the company's relations with its 1,750,000 customers.

Both Downing and Wishon are members of the P. G. and E. board of directors.

TO TOLEDO

Mr. and Mrs. Michael Kerekes, 775 Niantic avenue, have been entertaining their 13-year-old nephew, Charles "Bud" Kerekes of Toledo, Ohio, for the past eight weeks. Bud's father, who is Kerekes' younger brother, is with the armed forces somewhere in the South Pacific area.

Mr. and Mrs. Kerekes left for Toledo, Sunday, August 22, to take "Bud" home and expect to be gone about 3 weeks. While in Toledo, they plan to see their son and daughter-in-law, Lieutenant and Mrs. Michael Paul Kerekes. Lieutenant Kerekes is stationed at Camp Joseph T. Robinson, Arkansas, at present, while the younger Mrs. Kerekes is near him at Little Rock. She is the former Miss Alice Wheat, 916 Brunswick street.

To Hold Rummage Sale At South City Saturday, Aug. 28

Saturday, August 28, Peninsula Auxiliary No. 231, B'nai B'rith will make its first visit to South San Francisco when it sponsors a one day rummage sale, which is to be held at 333 Grand avenue.

Exceptional values will be available since the entire stock must be disposed of during the single day specified. All proceeds from the sale will be used for the care of refugee children both here and abroad. Peninsula auxiliary is but one of many units which comprise the greater national organization whose record of achievements for over a century has received world-wide recognition.

Today, when the need is greater than ever before, B'nai B'rith has rededicated its resources of manpower, womanpower, and prestige to the war effort and these forces are working diligently to aid in the ultimate victory. Peninsula auxiliary has contributed to Red Cross in all its branches.

This rummage sale is but another in its many money raising affairs which benefit those less fortunate.

Mrs. Ann Greenstein, of San Mateo, and her committee will be on hand early Saturday morning to serve the public courteously and efficiently.

American Retailers FIGHT for FREEDOM!

As members of the army of American retailers who see active duty on the home front, we fight to provide foods for those who must "carry on" in these trying times.

At the "top of the hill" in Daly City, Milo's Market brings you the best of foods obtainable the country over. Department heads and members of their staffs are experts in their lines, capable and anxious to help with your shopping problems. Prices are highly competitive, made possible by our really BIG STORE operations.

Check these: nationally famous brands of staple and fancy groceries; quality cuts of prime fresh and cured meats; huge selection of daily-fresh vegetables and fruits; and a full choice of fresh fish and poultry. Four reasons why you should do all your family food buying at MILO'S MARKET.

Conci's Keglers Win Gold Trophy

Keglers on Conci's Shell Service team are mighty proud this week! On Monday night they received a handsome gold trophy for winning second place in the 18-week 750 Handicap League at Lincoln Bowl.

Eight teams were entered in the summer competition.

Members of the group include Peter Conci, captain; R. L. Crane jr., Steve Navarro, Nelson Borges, and Orville Tallmadge.

The trophy is a mounted statuette of a bowler.

Parochial School Opens Monday, September 13

Pupils of Our Lady of Perpetual Help parochial school, 60 Wellington avenue, will return to their classrooms, Monday, September 13, according to the Sisters of St. Joseph of Orange, who conduct the school.

Public schools in the community will open on the same date as far as the elementary schools of the Jefferson district are concerned but Jefferson Union high school will not resume until Monday, September 20, one week later.

WESTLAKE MARKET

301 Miriam St. RAndolph 9667

Closed Sundays from Noon to 4:30 p. m.
Open Evenings Till 8 p. m.

FOR YOUR CONVENIENCE

Maybe you haven't known (a personal friend of ours didn't until just the other day) that we stock a great many items other than staple groceries and meats. Besides the freshest, finest vegetables and fruits on the daily markets, other "convenience" lines designed to save our customers' time and money include:

DRUG SUPPLIES
SCHOOL SUPPLIES
GREETING CARDS
NOTIONS (Thread, Tape, Shoe Laces, Etc.)
ICE CREAM - SOFT DRINKS
BEER - WINE - SODA
GARDEN SEEDS
ELECTRIC LIGHT GLOBES
ICE

Lucca Ravioli Co.

CHICKENS Can Help WIN THE WAR!

SO CAN PIGEONS, RABBITS AND OTHER SOURCES OF HOME FOOD PRODUCTION.

Aid the national program by helping grow what your family eats, with your own home project. Proper feeding and care are easy with our specialized feeds to help them through the various stages of growth, and for maximum egg, milk or meat production. These include:

LAYING MASH
GROWING MASH
SCRATCH FEEDS
WHEAT
ALFALFA HAY
RABBIT PELLETS

See us for whole and milled grains, brick salt, oyster shell, charcoal, and poultry and livestock remedies.

LUCCA MEAT MARKET

HOURS: 9 A. M. to 6 P. M.

Let us help you with the problems of providing meat for your family's needs during these trying times. Daly City and Colma housewives are learning, more every day, that it's to their advantage to have us on "their side." We feature quality meats at prices that save you money.

FARMERS MEAT COMPANY

MEAT
an important step toward a BETTER BALANCED MEAL!

Don't neglect essential meats in planning wartime menus. Of course it's hard to get (how well we know!); takes a lot of time and trouble with stamps, etc. But meat IS essential, nonetheless, in keeping your family's health in good condition.
